Rules and regulations

Age: Participants must be **13-18** years old.

Team Size: Individuals or teams of up to **4** members may enter.

Industry: Open to all **legal** industries; ventures involving harmful, illegal, or unethical activities are prohibited.

Originality: Submissions must be the team's own work (including any AI-assisted components, which must be properly disclosed). All external sources must be properly cited (Harvard-style is preferred). Participants must also include a short **AI Disclosure Statement** specifying:

- Which AI tools were used
- For what components they were used
- How accuracy was validated
- What human oversight was applied

Failure to disclose AI usage may result in point deductions or disqualification.

IP: All IP remains the property of the participants. Judges and organisers gain temporary review rights but no ownership. Teams are responsible for securing their own trademarks, patents, and copyrights.
